BLOWN SW5

BY SAMUEL WILKINSON
2018

While experimenting with the reflections and refraction of light, designer Samuel Wilkinson discovered a beautiful quilted effect when the light source was surrounded by patterned glass. This led to his design of the Blown series of lamps - and the launch of the Blown ceiling lamp.

Choose from either silver or opal glass and let yourself be mesmerised by the effect. Switched on, the Blown ceiling lamp emits a soft light that projects a quilted pattern dispersed across the ceiling. Brilliant for a home, high-end hotel, restaurant, lounge or any other such setting, it adds a subtle sense of graphics that's striking.

The name Blown is inspired by the process of creating the lamp itself, where each lamp is mouth-blown by artisans and expert crafts people. An authentic technique that contributes to the stunning patterns projected onto the ceiling when lit, transforming any space into a work of art.

34cm / 13.38in

28cm / 11in

Category	Ceiling lamp
Production process	The glass is mouth blown and handcrafted by skilled craftsmen. The fitting is made from cast metal.
Environment	Indoor
Material	Mouth-blown glass, metal fitting
Dimensions (cm/in)	Ø: 28cm/11in, H: 34cm/13.38in
Weight (kg)	2.6 kg
Colours	Silver lustre & black metal fitting, Opal glass & white fitting
Voltage (V)	220-240V - 50Hz
Light source & energy efficiency class	E27 Max 60 Watt. The luminaire is compatible with bulbs of the energy classes: A++ - E. Bulb is not included.
Certifications	CE, IP20, Class II
Cleaning instructions	Clean with soft dry cloth. Always switch off the electricity supply before cleaning.
Package dimensions (cm/in)	W: 33cm/12.9in, L: 33cm/12.9in, H: 40cm/15.7in
