

FLOAT armchair

Designed by Lars Vejen & Tajirolshiko

FLOAT chair

FLOAT is a dining chair, with an open back giving a gentle flexibility and comfort. The design and functionality make FLOAT suitable in several room types and settings including restaurants as it is stackable by four.

Material: Seat and back in two color options of black stained ash or natural oak veneer and core of beech wood, ø 18 mm high strength steel tube frame with a fine structure black powder coating.

Extra features: Stackable by 4 pieces

Outdoor use: No

Tests: L1 for contract use

Seat depth: 520 mm

Weight: 7,5 kg

Made in Denmark, CE

Cleaning and care

Dust regularly with a soft dry cloth or vacuum with a soft brush. For deeper cleaning, use a soft cloth wrung in lukewarm water, and re-oiling may help maintain the surface over time. Avoid harsh or abrasive cleaners to protect the finish.
