YOKO tea set

General description

YOKO is a distinctive tableware collection by Stilleben, inspired by their first trip to Japan. Characterized by simple, sculptural forms with sharp edges, the design contrasts beautifully with the softness of porcelain.

The teapot (1.38 L) is the centerpiece, available in red and dark navy blue.

The mug (0.23 L) in eggshell white or light blue, and the pitcher (0.27 L) in eggshell white or dark navy blue, complete the set.

Material: White porcelain with high-fired porcelain glazes for durability.

Made in Portugal, CE

Cleaning and care

Porcelain is highly durable and can withstand use with a dishwashing machine and microwave.
