HAY

# TWIST FLOOR LAMP

## HIGHLIGHTS

- Technically refined floor lamp with upward light and adjustable height
- The lamp height can be lengthened with a clever extending mechanism that creates a two-metre-tall light source
- Emits a soft, upward glow that enhances ambient lighting in a wide range of interior environments
- A discreet rotary knob allows for fine-tuning of the mechanism over time and with repeated use
- Designed for use with a replaceable standard retro fit LED dimmable bulb
- Suitable for both private and office environments

# TWIST FLOOR LAMP DESIGN BY ROMAIN SILLON

Designed for HAY by Romain Sillon, Twist is a height-adjustable lamp with a bold, innovative design. Its intuitive adjustment mechanism offers flexibility in both the position and lighting distribution, enabling it to serve different functions and create diverse atmospheres within a space, depending on its height. Twist's minimalist aesthetics and versatile design make it adaptable to a wide variety of spaces and uses within different interiors.

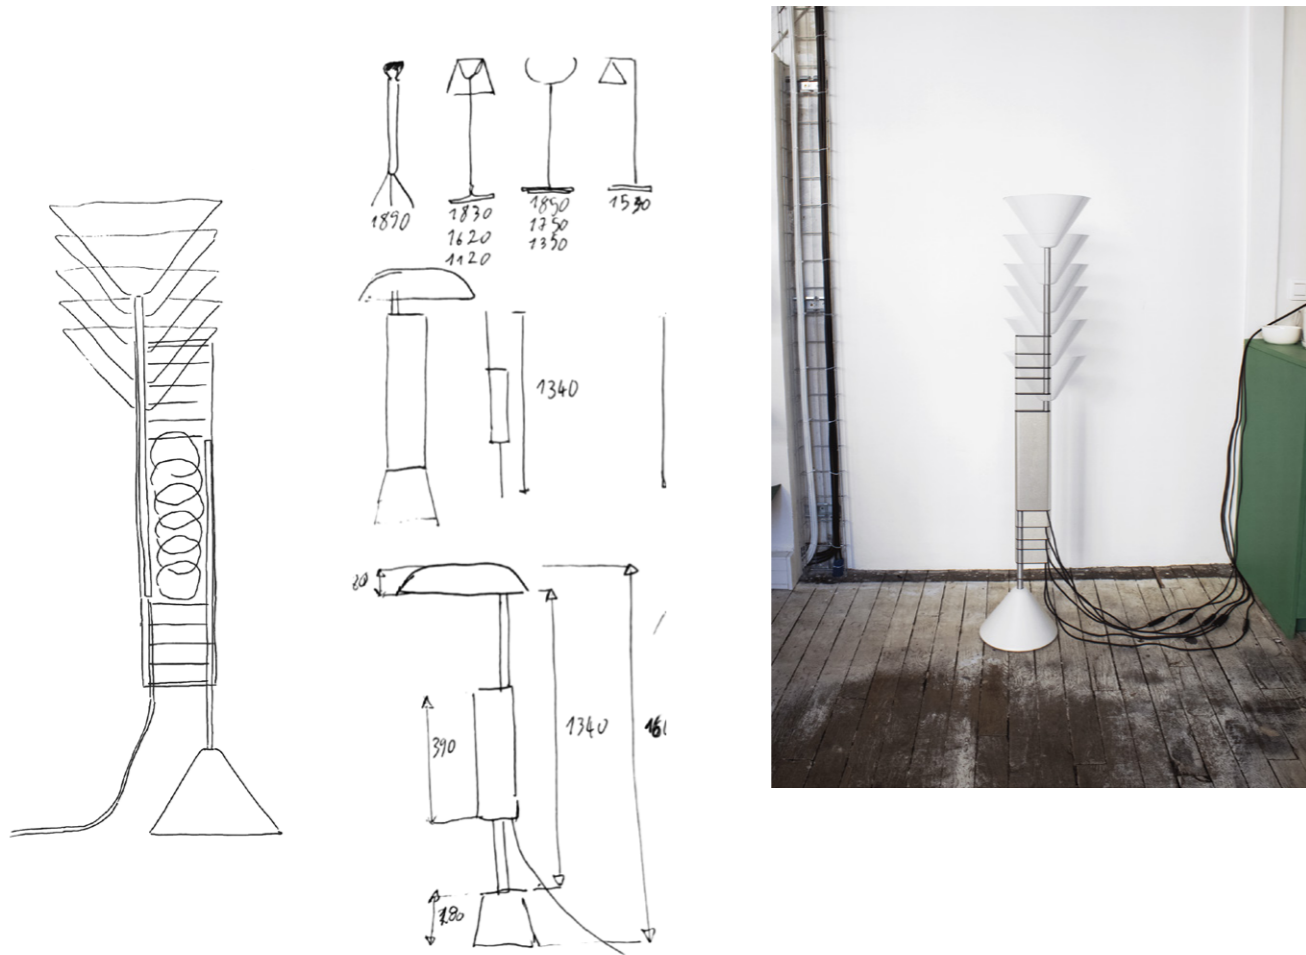

French designer Romain Sillon combines his background in product design with a meticulous and methodical approach. From his own design practice in Paris, he explores mechanics and movement to create a subtle, unexpected poetry in his work.
