## Gesture

The classic Gesture chair was originally designed in 1957 by the architect Hans Olsen, whose experiments led to some highly original designer furniture. The chair is also referred to as 'Model 107'. The key feature of the Gesture chair is its accommodating design, which is moulded in a single piece. In both aesthetic and ergonomic terms, it was a successful result of Hans Olsen's fascination with this method of manufacture. The distinctive 1950s Gesture design is also available as a sculptural lounge chair.

The Gesture Dining chair are available in an abundance of stunning colours in three versions: fully upholstered; with upholstery on the seat; or a unique type of wood. The Gesture Lounge is available fully upholstered in the same abundance of beautiful colours.

**Product name:** Gesture  
**Designer:** Hans Olsen  
**Design year:** 1957  
**Furniture type:** Dining and Lounge Chair  
**Launched:** 2018
